VACANCY ANNOUNCEMENT

Position: GIS Data Technician
Salary: $37,246-$45,838 DOQ
Location: Northwest Indian Fisheries Commission (NWIFC)
Olympia, Washington
Closing Date: March 11, 2021

Duties and Responsibilities: Assist the Salmon & Steelhead Habitat Inventory & Assessment Program (SSHIAP) with the development and management of the AquaScape GIS system, by identifying, integrating, and organizing tribal, state, federal data for integration into AquaScape and assist with the sharing of data through the NWIFC's web services.

Qualifications: Bachelor's degree in Natural Resources or equivalent and one year of pertinent work experience OR an equivalent combination of education, training and experience that demonstrates the ability to perform the essential functions of the position. Understanding of information management systems - in particular, incorporation of legacy datasets. Working knowledge of ArcGIS, MS Word, Excel, and database applications (i.e., SQL). Ability to analyze and compile technical information to prepare reports and present information. Able to travel to conduct site visits to gather data and to attend relevant meetings. Ability to work independently under minimal supervision and cooperatively in a team environment to contribute to the improvement in the sharing of tribal data.

Application: Send resume and cover letter by March 11, 2021 to: Wendy Bowman, HR Northwest Indian Fisheries Commission, 6730 Martin Way East Olympia, WA 98516-5540 or email to: wbowman@nwifc.org.

The Northwest Indian Fisheries Commission operates under PL 93-638 contract; Indian Preference is an employment policy. Applicants must be authorized to work in the U.S. The NWIFC will not sponsor applicants for work visas.
