VACANCY ANNOUNCEMENT

Position: GIS Specialist

Salary: $37,246 - $45,838 DOQ

Location: Northwest Indian Fisheries Commission
           Olympia, WA

Closing Date: September 17, 2021

Duties and Responsibilities: Acquire and maintain the environmental data of the Salmon and Steelhead Habitat Inventory and Assessment Program (SSHIAP) AquaScape platform and perform routine and complex geospatial operations, produce web maps and support tribal data management needs.

Qualifications: Bachelor’s degree in GIS, Geography, Natural Resources or related field and one year of pertinent work experience; OR an equivalent combination of education, training and experience that demonstrates the ability to perform the essential functions of the position. Background in information management systems – in particular incorporation and migration of legacy datasets is required. Ability to analyze and compile technical information to prepare reports and present information. Highly proficient in Esri ArcGIS Desktop, ArcPRO, extensions, geoprocessing tools, Microsoft SQL, Word and Excel. Working knowledge of Python, JavaScript, ArcGIS Server, ArcGIS Online and ArcGIS Portal. Must have a good understanding of GIS best practices and standards. Able to travel to conduct site visits to gather data and to attend relevant meetings. Ability to work independently under minimal supervision and cooperatively in a team environment to contribute to the improvement of the sharing of tribal data.

Application: Send resume and cover letter by Sept. 17, 2021 to: Wendy Bowman, HR, Northwest Indian Fisheries Commission, 6730 Martin Way East Olympia, WA 98516-5540 or email to: wbowman@nwifc.org.

The Northwest Indian Fisheries Commission operates under PL 93-638 contract; Indian Preference is an employment policy. Must be authorized to work in the U.S. The NWIFC will not sponsor applicants for work visas.
